## EIRA

### Hetti Darmawi – Tangerang

Freckles Reduce in 3 Weeks

"I previously had a freckle problem on my face. I have once consumed various products but they come to no avail until I finally consumed Cyanos Eira 2 times a day regularly, morning and evening. After consuming 3 boxes in 3 weeks, I have my freckles reduced and I also have brighter skin and hands."

### Rita Kishor Adnani – Jakarta

A Solution for Your Brighter Face

"Cyanos Eira is very suitable for men and women with dark-tone skin because of its Snow Algae and L-Glutathione ingredients which are capable of brightening your skin. It tastes good and consumable. I think that Cyanos Eira is the best choice ever!"

### Wita Wulandari – Tasikmalaya

Sensitive Skin Relaxed!

"I have a sensitive and greasy skin type. In a fatigue or low-temperature condition, it turns reddish and acne. After consuming Cyanos Eira, the symptom is likely reduced. My face grows fresher and cleaner and clearer. Cyanos Eira is very good for the skin!"

### Idris Afandi – Tangerang

Brighter Skin Appearance

"Having frequently outdoor activities make my skin dull under the sun heat. Fortunately, I found Cyanos Eira which revitalises and brightens my skin because of its nutritive compounds that brighten your skin and prevent premature aging."

### Mariana – Jakarta

Small Acne on the Forehead Gonet

"I used to have small acne on my forehead and that was annoying. After consuming Cyanos Eira for about 3 boxes, I got them cleaned gradually."

### Meidy Purukan – Jakarta

Softer Skin Sensation

"This is the first approving beauty product I have ever tried so far. I've just consumed 2 sachets, but my face and neck are already getting softer. It also tastes well, love it! Cyanos Eira is always good for my skin."

### Dosage :

2x1 sachet per day, every morning and evening.

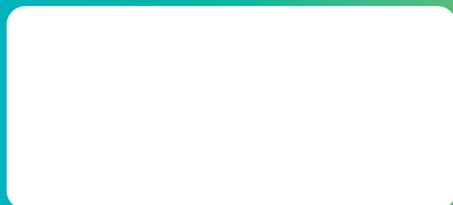

### Serving Suggestion :

- Consume it directly.
- Dissolve 1 sachet of Cyanos Eira into 50ml water with normal temperature.

### Suggestion :

- For pregnant women, it is recommended to visit your family doctor before consumption.
- Avoid it from under 12-year-old children.

A survey exposed that 57% of Indonesian women have realised premature aging when they reach 25 years. Environmental impairment due to global warming and thinning atmosphere layers, and also unhealthy lifestyle, are likely exposing our skin to negative effects of pollution, free radicals, and UV light which impacts on the skin's premature aging. Subtle lines, wrinkles, paleness, dried skin, dullness, maximised pores, rough and mottled skin are typical signs of aging on facial area.

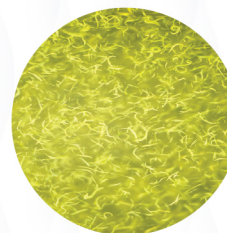

An 8-year study posted in the British Journal of Dermatology shows that early skin treatment can prevent premature aging. The study also explains that appropriate treatment will decelerate subtle lines and wrinkles.

### The Best Ingredients Composed of Nutritive AFA, Snow Algae, and Glutathione in Cyanos Eira

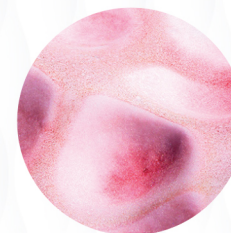

Along with the growing factors of skin impairment, beauty and health skin treatments, including the internal skin treatment, considerably absorb people's attention. As quoted from the medical publication Prevention, Patricia Farris, MD., a clinical dermatologist professor assistant from Tulane University, stated that skin supplement is needed for preventing premature aging or any other damages.

LiveWell Global presents you Cyanos Eira which can be aptitude solution for your inner skin treatment! Cyanos Eira is a nutritive drink with perfect combination of rare plantation extracts like AFA Stem Cell (Blue-Green Algae) from the US and Snow Algae from Mibelle Biochemistry Switzerland, including the best antioxidant L-Glutathione from Kohjin Japan. Inside our body, the nutrition of Cyanos Eira will be absorbed directly and thoroughly into the blood vessels, repairing the damaged skin cells. In result, Cyanos Eira is an effective treatment that helps you maintain your skin beauty, brighten the entire surface of your skin to look shinier and moisturised, and regenerate the skin cells to make it look tighter, softer, and translucent.

## The Goodness of **CYANOS**'s Natural Ingredients EIRA

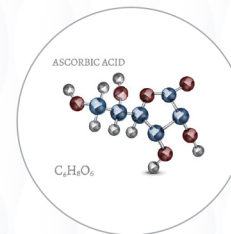

1. AFA Stem Cell

2. Snow Algae

3. L-Glutathione

4. Vitamin C

5. Peach

### 1. AFA Stem Cell (*Aphanizomenon flos-aquae*)

A rare plant which only grows in Klamath lake, Oregon, USA. AFA Stem Cell or blue-green algae has complete nutrition from mineral, protein, and vitamin which increases the cell regeneration, including skin cell.

### 2. Snow Algae - Mibelle Biochemistry Swiss

A type of algae growing on the Alps, Switzerland, contains dual pigments, green (chlorophyll) and red (astaxanthin), which is effective against free radicals and active oxygen which causes premature aging.

### 3. L-Glutathione

Cyanos Eira contains natural glutathione from Torula yeast which has been officially certified for its safety by FDA, Halal MUI, Kosher, and also USP/JP Monograph Designation trademark certification. The glutathione is produced directly in Kohjin Japan and is capable of brightening your skin appearance.

### 4. Vitamin C (Ascorbic Acid)

An antioxidant vitamin which is able to protect your skin from UV light and increase the collagen production, making your skin more elastic and softer.

### 5. Peach

Peach contains vitamin C and E which are perfectly working in combination to give skin protection and solution over skin problems, like stain and black spot.
